

## KESSINGTON JOINS STEVE KINSER RACING

Bloomington, IN: February 7, 2018. Kessington Aerospace joins Steve Kinser Racing for the 2018 racing season.

Kessington Aerospace is an industry leading supplier of Jet-Engine and Wheel & Brake machined components. Specializing in CNC Machining of Aerospace grade alloys such as Inconel & Titanium, they attain the highest levels of customer satisfaction by meeting Value, Delivery, and Quality standards for some of the largest Aerospace companies in the world.

“The Kessington Aerospace team couldn’t be more excited to partner with Steve Kinser Racing and the #11K for the 2018 season. I have been a lifelong dirt racing fan and have known Kraig since we were 5 years old, so the partnership is truly a dream come true. The World of Outlaw fans are some of the most passionate in all of motorsports, and we are excited to support SKR and have Kraig represent our organization on and off the track.” said Kessington President, Mark Hillenburg.

Steve Kinser Racing will be contracted to the World of Outlaws again in 2018 for their 40<sup>th</sup> season. The team kicks off their year this weekend in Florida, starting with the All-Star Circuit of Champions tonight at Volusia Speedway Park.

“We’re grateful to have Kessington come onboard and we’re excited to see what the 2018 season holds for us,” said Kraig.

Kraig began racing Sprint Cars 18 years ago, in 2004 won the World of Outlaws Kevin Gobrecht Rookie of the Year. In 2005 Kraig won the Knoxville Nationals making him and father Steve, the only father-son duo to have won the prestigious event. In 2005 debuted and won the Automobile Racing Club of America (ARCA) race at Michigan International Speedway in Brooklyn. Made 18 starts in 2006 with the NASCAR Camping World Truck Series, 13 starts in 2007 and 2 ARCA starts. Kraig has 17 career WoO Sprint car victories, earning him a spot inside the top-21 of the WoO all-time win list.

SKR would like to thank Kessington, Mesilla Valley Transportation, DRC Chassis, Pro Shocks, Sanders Engineering, Engler Machine and Tool, VanHorn Racing Graphics, Indiana Steel Engineering Corp, Allstar Performance, FK Rod Ends, Bell Racing, BR Motorsports, Schoenfeld Headers, QuickCar, MSD Performance, BMRS, Racing Optics Laminated Tearoffs, Crow Enterprizes, Barnes Systems for all their support.
